DATED: April 6, 2007

GI 1-10 Please refer to the Smith Testimony, Topic Group I, at p. 21, line 21-
page 22, line 2: please explain the extent to which Verizon anticipates
amending its wholesale arrangements that address areas both within
and outside New Hampshire, New Hampshire, or Vermont.

REPLY: Verizon and FairPoint addressed the issue of multi-state agreements
and agreements that contain commitments in a February 9, 2007, joint
letter to affected CLECs. In the letter, Verizon and FairPoint stated:

Since your existing contract (described above) has application in at least one of the states which is the subject of the above described transaction (New Hampshire, Maine or Vermont) and at least one other location where Verizon will continue to provide services after the closing of the transaction, it will be necessary to adjust your contract relationships. Verizon proposes that your current agreement with Verizon be modified such that it will have no application to the states of New Hampshire, Maine or Vermont after closing. FairPoint has agreed that it will enter into a mirror contract with your organization. A FairPoint representative will contact you in the coming weeks to discuss your agreement with FairPoint.
